Workshop Overview

So you've passed the initial hurdle. You've either been credentialed as a clinical supervisor or you just want to have a refresher course to keep your skills current. This six-hour course is for you. It fulfills six of the twelve hours of training required for recertifying in your state and provides you advanced knowledge and skills in supervision. Based on the 2004 edition of David Powell's book, Clinical Supervision in Alcohol and Drug Abuse Counseling, this course covers advanced models of supervision, the new blended model, using media in supervision, problem-solving, working with difficult staff (i.e., the resistant counselor), gate-keeping functions in supervision, how to be a leader in the field, and contemplative models of counseling. Dr. Powell was the chair and lead author in the CSAT Treatment Improvement Protocol #52 on Clinical Supervision, which will also be used as part of the course.

Workshop Agenda

8:30 - 9:00	REGISTRATION
9:00 - 10:15	WORKSHOP
10:15 - 10:30	BREAK

12:00 - 1:00	LUNCH
1:00 - 2:15	WORKSHOP
2:15 - 2:30	BREAK
2:30 - 4:00	WORKSHOP

Learning Objectives

Participants will be able to:

- Describe the blended model of supervision;
- State at least three media options to use in clinical supervision and staff training;
- Discuss three approaches of the contemplative approach to counseling and supervision.

About The Presenter

Dr. David Powell is an internationally recognized trainer and is the most published author and recognized expert on clinical supervision in the alcohol and drug abuse field. He has taught courses on supervision for over 35 years around the world. His books on supervision are the primary texts in the field and are used extensively in the ICRC CCS examination. Currently, he is spending time in Turkey, managing an adolescent treatment program as well as working in China, Singapore and Vietnam. Dr. Powell is President of the International Center for Health Concerns, Inc.

Target Audience

This is a must-have course for certified clinical supervisors. There are very few opportunities to attend a one-day refresher and advanced course in Clinical Supervision. Don't miss this one!
