# Prevention Works for ME!

## 2<sup>nd</sup> Annual Prevention Convention

### November 14, 2008

#### About the Event:

This convention will bring together advocates and practitioners of prevention; prevention of the use of illegal drugs, the misuse of legal drugs, and the underage and high risk use of alcohol. These are the people dedicated to creating communities, workplaces and schools that are healthy environments in which to raise our children and live our lives, and which contribute to the future prosperity of Maine. We will hear about current research in the field, programs and strategies that are proven to work, ways to get the information we need to make our case and some basic information those new to the field need to know. You are invited to come and learn, network and share your knowledge. We know that prevention works well and it works for Maine.
